University of Sri Jayewardenepura
Sri Lanka

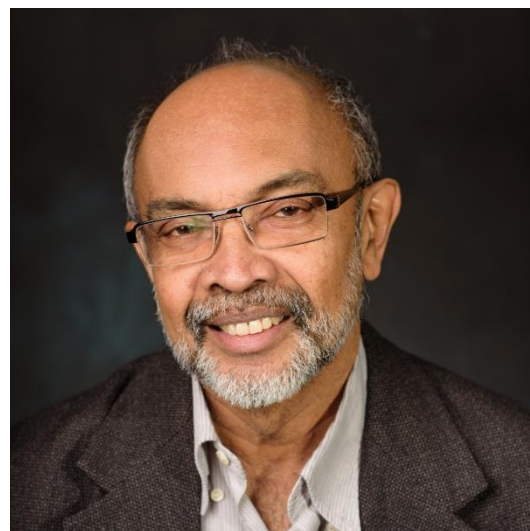

Guest Lecture on “Language of Nature”

19th July 2018

By

Prof. Athula B. Attygalle

Department of Chemistry, Chemical Biology
and Biomedical Engineering,
Stevens Institute of
Technology,
New Jersey

Venue: Conference Room,
Faculty of Graduate Studies
(FGS), USJP

Date: 19th July 2018

Time: 12PM – 12.45PM

Bibliography

Dr. Attygalle is internationally recognized as a researcher and an educator for mass spectrometry and chemical ecology. He has extensive experience in conducting hands-on laboratory workshops and lectures on mass spectrometry. He has conducted mass spectrometry workshops in Malaysia, Pakistan, Brazil, Costa Rica, the Dominican Republic, Switzerland, Saudi Arabia, Germany, and India. For the American Chemical Society professional education program, Dr. Attygalle teaches a course on “Introduction to Modern Mass Spectrometry.” Dr. Attygalle has published over 200 peer-reviewed research articles. Research reported in some of his joint publications has been singled out for coverage on numerous occasions by the media including the New York Times.
