

National Sun Yat-sen University Delegation visit to University of Sri Jayewardenepura, Nugegoda, Sri Lanka

Date: Friday, November 16, 2018

Time: 10:00 am 12.30pm

Time	Program	NSYSU Representatives
10:00–10.30am	Meeting with Vice Chancellor and University-level Representatives.	Entire Delegation (25 delegates)
10.30am-12.30pm	Workshop & Visits: present current research highlights from each delegate and discussion on possible research collaboration Divide into groups to visit the following academic departments:	
	Engineering	Contact Faculty: Dr. Chi-Cheng Cheng E-mail: changcc@mail.nsysu.edu.tw
	Science	Contact Faculty: Dr. Ming-Chung Wu E-mail: mijuwu@faculty.nsysu.edu.tw
	Management / Business	Contact Staff: Cindy Lin E-mail: intlmanager@cm.nsysu.edu.tw
	Marine Sciences	Contact Staff: Ching-Ju Chiang (Ms.) E-mail: cjc8513@mail.nsysu.edu.tw

List of Delegation

No.	First Name	Last Name	Title	Department	Research Interests / Expertise
1	Dr. Ying-Chung	Chen	Senior Vice President / Professor	Dept. of Electrical Engineering	Materials Science, Electronic Ceramics, Thin Film Engineering
2	Dr. Mitch Ming-Chi	Chou	Vice President / Professor	Office of Research & Development / Department of Materials and Optoelectronic Science	Epitaxial Growth, Electro-Optic Materials, Single Crystal Growth
3	Tanya	Hsu	Executive Manager	Division of International Relations, Office of International Affairs	Partner collaboration and agreements, plan international educational exhibition
4	Vivian	Chung	Senior Special Assistant	Division of International Relations, Office of International Affairs	Short-term visitors to NSYSU, management of student ambassadors, Sun Yat-sen America Center activities
College of Engineering					
5	Dr. Chih-Peng	Li	Dean/ Professor	Institute of Communications Engineering	Wireless Communication, Digital Communication, OFDM/CDMA, Baseband Signal Processing and Circuit Design, Data Networks
6	Dr. Chi-Cheng	Cheng	Deputy Dean / Professor	Department of Mechanical and Electro-Mechanical Engineering	System Dynamics and Control, Machine Vision, Intelligent Robotics, Mechantronics, Man-Machine Interface
7	Dr. Chih-Chiang	Cheng	Chairman / Professor	Department of Electrical Engineering	Nonlinear Control Systems Design, Digital Control, Robotic Control
8	Dr. Tsung-Hsien	Lin	Chairman/ Professor	Department of Photonics	Liquid crystal display, Liquid crystal electro-optical devices
9	Dr. Po-Jung	Huang	Assistant Professor	Institute of Environmental Engineering	Nano-materials, Polymeric composite, Microfluidics system, Environmental sensor

No.	First Name	Last Name	Title	Department	Research Interests / Expertise
College of Science					
10	Dr. Hui-Fen	Wu	Professor	Department of Chemistry	Nano-biomedical analysis, Nano-microorganism analysis, Nano-proteomics, Cancer diagnosis and treatment
11	Dr. Tzon-Tzer	Lu	Professor	Department of Applied Mathematics	Matrix Theory, Numerical Analysis, Differential Equations, Discrete Mathematics
12	Dr. Cheng-Hsin	Chuang	Associate Professor	Institute of Medical Science and Technology	Microfabrication, MEMS Sensor Design & Fabrication Microfluidics & Biosensor Roll-to-Roll Imprinting Process (R2R Process) Flexible Sensors and Actuator
13	Dr. Yu-Chiuan	Chang	Assistant Professor	Institute of Biomedical Sciences	Cell migration and Cancer Metastasis, Stem Cell Biology
College of Management					
14	Dr. Thijs	Velema	Assistant Professor	Department of Business Management	organizational theory, social network analysis, professional labor markets, European professional football
15	Cindy	Lin (Ms.)	Manager	International Affairs Office, College of Management	International affairs & program manager

No.	First Name	Last Name	Title	Department	Research Interests / Expertise
College of Marine Sciences					
16	Dr. Chin-Chang	Hung	Deputy Dean / Professor	Department of Oceanography	Marine Chemistry, Marine Radiochemistry, Marine Organic Chemistry, Marine Environmental Chemistry
17	Dr. Yu-Chung	Chiang	Chairman/ Professor	Department of Biological Sciences	Plant Genetics, Population Genetics, Molecular Evolution, Phylogeography and Conservation Genetics
18	Dr. Chih-Chuang	Liaw	Chair / Professor	Department of Marine Biotechnology and Resources	Natural Products Chemistry
19	Dr. Guan-Yu	Chen	Professor	Department of Oceanography	Physical oceanography, coastal and harbor engineering, nonlinear wave
20	Dr. Jason	Yu	Director/ Assistant Professor	Division of International Relations, Office of International Affairs / Dept. of Marine Environment and Engineering	Marine environment & hydraulic engineering
21	Dr. Wei-Jen	Huang	Assistant Professor	Department of Oceanography	Marine Chemistry, Carbon cycling and dynamics under climate change, focusing on river-to-ocean interaction, air-sea gas exchanges, coastal biogeochemistry, and ocean acidification
22	Ching-Ju	Chiang	Senior Special Assistant	Office of Research & Development	Research collaboration between NSYSU and universities abroad
