We welcome you to join us for the **2022 International CleanUp Conference**, being held at the **Adelaide Convention Centre** from **11-15 September 2022**.

Regardless of whether you are from industry, research or government, this not-to-be-missed conference is an excellent opportunity to share expertise and make connections in all aspects of contaminated site remediation.

**Professor Frank Swartjes**

*National Institute for Public Health and the Environment (RIVM)  
Netherlands*

**M.R.D. Lasantha Kulathunga**  
Assistant Director of Agriculture (Research), FRDI (Fruit Research and Development Institute), Kananwila, Horana, Sri Lanka  
International Cleanup22 organising committee representing Sri Lanka

## Laureate Professor Ravi Naidu

### Chair, CleanUp Conference Series

CEO & Managing Director  
Cooperative Research Centre for Contamination Assessment and Remediation of the Environment (CRC CARE)  
And GCER (Global Centre for Environmental Remediation), Australia

### Some themes relevant to Sri Lanka

- ❖ Emerging contaminants of concern: new devils to tackle
- ❖ PFAS- the recently emerged contaminant- global challenge
- ❖ Environmental chemistry and exposure assessment: analysis, monitoring, fate and modelling
- ❖ Adverse impacts of agriculture on soil, water and food quality
- ❖ Biogeochemical cycling of contaminants and nutrients in the terrestrial environment
- ❖ Plastics and microplastics including Policy, Risk and remediation
- ❖ Advances in waste management – trash to cash in a circular economy
- ❖ What does it take to be a successful professor and/or a practitioner

Key Dates;

Call for Abstracts:

Opens: March 2022 | Closes: May 2022 | Author Notification: July 2022

Registration:

Earlybird: May 2022 - July 2022 | Standard: August 2022

**Michael L. Dourson, Ph.D., DABT, FATS, FSRA**

*Director of Science,  
Toxicology Excellence For Risk Assessment (TERA), USA*

**Judy LaKind, Ph.D.,**

President of LaKind Associates, Adjunct Associate Professor  
University of Maryland School of Medicine, USA
